

DELA-NOBA: Developing the Language Awareness Approach in the Nordic and Baltic Countries

The objective of this three year NordPlus Horizontal project is to disseminate and exchange results and experiences in education by examining how the Language Awareness approach can be integrated and further developed in the Nordic/Baltic context. The project activities involve 21 partners from seven participating Nordic/Baltic countries (Denmark, Estonia, Finland, Iceland, Latvia, Lithuania, and Sweden) and establish partnerships between universities and schools (primary and secondary schools) in these countries.

We hereby kindly ask you to answer the following questionnaire.

We invite you to respond in the most frank and spontaneous way possible to the questions that follow. There are no right or wrong answers, only your opinions matter. Your answers are confidential, and will be treated statistically and completely anonymously.
